

MONICA LOVETT

ESE/Central High

Ms. Lovett is an Employment Specialist who spends much of her time at Central High School. When we planned our surprise visit, her administrator Ms. Merchant wanted to come along and show her support as well.

~ HR Team

“Monica is working with community organizations to rebuild the former ag spaces at Central. Monica teaches students with profound disabilities and has created "Pawsitive Creations" to identify the horticulture class, coffee shop class and laser engraving class she uses to teach life skills to her students. She's a powerhouse!”
