

HARMONY TURNBULL

Powell Middle

-Although we usually provide the flowers and balloons, Powell’s administrative team was beyond prepared and brought Ms. Turnbull flowers and a balloon to show how excited and thankful they are for her hard work. Ms. Turnbull’s students were also excited for her and jumped at the opportunity to take a picture with her.

- HR Team

“Harmony teaches Civics and Pre-AP World History. Her leadership and collaboration skills have positively impacted the school community as a whole. She is a true team player, helping me with PBIS, and she is always willing to share her expertise and collaborate with colleagues to improve the educational experience for all students. She took one single student to the state History Fair last year when that student won her division. She always makes time to come to her student’s games and performances.

Harmony’s outstanding achievements, dedication, and contributions to the field of education make her an ideal candidate for this nomination. Her work has resulted in meaningful and lasting impacts on students and the school community, and she truly embody the qualities of an exceptional educator.”
