

JASON PAPADOPOULOS

Central High

-Although Mr. Papadopoulos was not in the day we did our surprise visit, Ms. Slusser made sure he received his goodies first thing the very next morning. She stated he was "very surprised and thankful".

- HR Team

"As Central High School's Lab Manager, Mr. Papadopoulos goes above and beyond to ensure our students are on task and comprehending whatever subject matter the student is there to pursue.

Analysis of student completion rates are always at least 20% higher than all other schools combined and still maintaining an overall GPA equal to or above all other schools. *

It is my hope that Jason is recognized for his service to our students and our District."

-Timothy Etzel
