

TIFFANY HOWLAND

Fox Chapel Middle

In our surprise visit to FCMS, Mrs. Howland entered the principals' office and asked, "What did I do?". Mr. Dye replied, "Only good things happen in this office", which is when we popped in to surprised this amazing educator. She was beyond thankful and excited to be recognized, and the rest of the front office staff cheered her on. Then, we visited Mrs. Howland's classroom, and each of her students were just as excited, cheering and giving her hugs. What a fun visit!

~ HR Team

"Mrs. Howland is ALWAYS thinking outside the box! The math lesson on Slope and Linear functions is one of the prime examples of how she keeps the students involved and engaged. Not only does she make learning exciting, but she also plans community days for our students and their families! In October, she had pumpkin carving and lunch. In November, she had our families make butter and served a turkey lunch! YUM! She is absolutely incredible and the epitome of what a fabulous teacher should be!"
